Preparation For Installation

1. Loosen but don't fully remove fixings **X3** to allow movement in the slots.
2. Remove and discard fixings **X2** and **X4**.
3. Remount **X1** with reference to Fig 1 using Items **F** with Items **H** and fully tighten all fixings. (Some models may require holes to be drilled)
4. Remove the Aluminium rear beam. (This is not refitted with the Towbar Assembly).

Towbar Installation.

1. Fix Items **B1** and **B2** with Item **C** to the chassis using Items **G**.
2. Fix Item **A** to Items **B1** and **B2** using Items **G**.
3. Using Items **E** fix your desired ball bracket (Not supplied in this kit) to Item **A**.
4. Fully tighten all fixings ensuring the Towbar is rigid, square and secure.
5. Insert Item **D** into each end of Item **A**.
